The Name For it

-Another, Senator?

-Thank you but I'm adequately drunk.

-You were saying...?

-Too much fuss about this Pikers'Adventure! War? We lost
58,000 give or take in Nam. Jesus H. Christ on a bicycle!
This so-called war will cease when Bush and Cheney's buddies
stop making money. And mine, I must add.

-Well, these kids who've been lost in whatever you call it belong to John Q!

-Hey! We have it so far up his ass he better just worry about
not goin blind!

-Is that the strategy of the RNC?

-Is that what I am? Republican. I forget sometimes,just
like they do on the other side. When Hitler's armies marched
into France, some Fascist generals there couldn't wait to
surrender.

-That's treason!

-A good name for it. All of it.
